

Valpo Invites Public to Tree Planting Event

The City of Valparaíso is hosting a Tree Planting Event to enhance the city's urban forest and invites the public to attend. "Recent storms have destroyed a number of trees in the downtown area, particularly in the Central and Banta neighborhoods. We're inviting the community to get involved in helping us to plant trees in these areas and look forward to a fun morning of community building," said Matt McBain, Certified Arborist for the City of Valparaíso.

Tree Planting Event
